PROMEX INDUSTRIES ACQUIRES QUIK-PAK, A DIVISION OF DELPHON

HAYWARD, CA, APRIL 1 2015: Delphon announced today the sale of its San Diego based Quik-Pak division to Promex Industries. The divestiture is part of Delphon's overall strategy to focus its resources on expanding its material solutions offerings through new product development and acquisitions. Quik-Pak will retain its San Diego, CA location and operate as a division of Promex.

Both Quik-Pak and Promex provide microelectronic packaging and assembly services to the medical, semiconductor and military markets. They plan to leverage their strengths to provide customers with broader engineering expertise, enhanced packaging capabilities, expanded facilities, and superior customer service. Delphon will continue to drive advancements in product and service offerings through proprietary material
