GEL-PAK LAUNCHES CHINESE-LANGUAGE WEBSITE

HAYWARD, CA, APRIL 17, 2007: Gel-Pak, a division of Delphon Industries and leading manufacturer of device shipping and handling carriers used predominantly by the semiconductor, optoelectronics, and telecommunication industries announced the launch of its new Chinese-Language website today. The site was developed in order to more effectively compete in the fast growing Chinese semiconductor and photonics markets. To access the site, visit www.gelpak.com and click on the Chinese-Language site link or visit www.gelpak.com.cn, www.gelpak.cn, or www.gel-pak.com.cn.

"The Gel-Pak Chinese website is the brainchild of our Taiwanese distributor, Mr. Michael Yeng at Silicon Connection. Thanks to Michael's bilingual skills and thorough knowledge of the Gel-Pak products, this new website, written in Traditional Chinese characters, will enable Chinese speaking (China, Taiwan, Hong Kong, and Singapore) customers to obtain product information in their

native language", says Darby Davis, Gel-Pak's director of worldwide sales and marketing.

Background:

Founded in 1980, Gel-Pak has developed a line of device carriers and handling materials that offer solutions for applications where damage during handling must be avoided. The company's proprietary elastomer technology serves as the basis of its Gel-Box, Gel-Tray, Film, and patented Vacuum Release products. For further information on Gel-Pak's product line, please refer to their website at www.gelpak.com.
