GEL-PAK ANNOUNCES DISTRIBUTION AGREEMENT WITH TELTEC

HAYWARD, CA, FEBRUARY 12, 2008: Gel-Pak, a division of Delphon Industries and leading manufacturer of device shipping and handling carriers used predominantly by the semiconductor, optoelectronics, and medical industries announced today the appointment of TELTEC Semiconductor Technic as one of its new European distributors.

TELTEC has been a leading European distributor of semiconductor equipment and materials since 1983. Gel-Pak will now rely on TELTEC to service its customers in Austria, France, Germany, Italy, Switzerland, and Eastern Europe. "We're confident that our new relationship with TELTEC will provide European customers with a higher level of local support and expand Gel-Pak's already strong presence in the European market," says Darby Davis, Director of Worldwide Sales and Marketing for Gel-Pak. Mr. Thomas Bohn, general manager of TELTEC, believes Gel-Pak is a good fit for TELTEC because of the strong value proposition it has with the customer base in Europe. "We're looking forward to

~ MORE ~

helping bring these excellent products to more high technology companies in Europe and to a long and productive relationship with Gel-Pak."

Background:

Founded in 1980, Gel-Pak has developed a line of device carriers and handling materials that offer solutions for applications where damage during handling must be avoided. The company's proprietary elastomer technology serves as the basis of its Gel-Box, Gel-Tray, Film, and patented Vacuum Release products. For further information on Gel-Pak's product line, please refer to their website at www.gelpak.com.

About the Parent Company:

Gel-Pak is a division of Delphon Industries, LLC headquartered in Hayward, California. Delphon's mission is to provide materials and services for the shipping, processing, and packaging of high value technology components.

With the divisions Gel-Pak, Quik-Pak, TouchMark, and UltraTape along with a worldwide sales and distribution network, Delphon Industries serves a wide range of markets including

semiconductor, medical, opto-electronics, solar, and data storage. www.delphon.com.
