ULTRATAPE ANNOUNCES NEW GAP SEALING TAPE FOR USE DURING ROOM SANITIZATION

SALEM, OREGON May 19, 2011 UltraTape Industries, a division of Delphon and the premier supplier of cleanroom tape and labels to the Medical/Pharmaceutical, Aerospace, and Semiconductor industries, announced today the release of its new Gap Sealing Tape designed to eliminate air flow between critical environments and surrounding areas during decontamination processes.

UltraTape's Gap Sealing Tape for doorways and pass-throughs is made of a low density polyethylene with an acrylic adhesive and is available in a variety of colors. It is easily removed and leaves no residue. The tape also offers excellent conformability and is available in both standard and gamma irradiated form. "This tape is ideal for sealing critical environments and Good Manufacturing Practice areas (GMP)," says Barbara Groff, UltraTape Sales and Marketing Manager.
